

Day 1: Concurrent session 1: Oral presentation schedule on May 27, 2026 at 14:45-16:30

Room 1

Health Policy, Systems, and Leadership

No.	Time	Presenter	Title
1.	14:50–14:57	Yu Ru	Construction and Practice of an Emergency and Critical Care Safety System Based on the “Four-Dimensional Driving Model”
2.	14:57–15:04	Siriporn Wattanapurk	Knowledge, Awareness, Prevention and Control Behaviors upon Dengue Hemorrhagic Fever among a Semi-Urban, Congested Community with Continuing Outbreak
3.	15:04–15:11	Linmin Zhuge	Effect of Cluster Nursing Based on Multidisciplinary Management Strategy on Perioperative Venous Thromboembolism in Patients with Gastrointestinal Cancers
4.	15:11–15:18	Nakharin Chueanit	Time Series Analysis and Dynamics of Professional Nurse Workforce Distribution in Thailand: A 14-Year Comparative Study by Regional Health
5.	15:18–15:25	Nittaya Ninchantara	Experience of Operating a White Factory and Drug Abuse Prevention and Treatment among Employees: A Case Study of one Factory in Krabi Province
15:25-15:30 Break			
6.	15:30–15:37	Meehoh N.	Market Orientation Behaviors and Innovative Leadership of Thanyarak Nursing Administrators
7.	15:37–15:44	Wandee Sirichot	Nurses’ Experiences in Management for Aeromedical Interfacility Transfer of Emergency Patients in Southern Thailand
8.	15:44–15:51	Devia Putri Lenggogeni	Health Literacy as Predictor on Treatment Adherence and Self-management Among Hemodialysis Patients
9.	15:51–15:58	Jeayareeyoh j.	A Global Perspective on COVID-19 Mortality in 2020-2022: A secondary data analysis
10.	15:58–16:05	Omwale A. Odeyemi	Flood Disaster Management Experiences of Nurses and Allied Health Professionals at Evacuation Shelters: A scoping Review

Room 3

Technology, AI, and Innovation

No.	Time	Presenter	Title
1.	14:50–14:57	Nattaya P.	Development of a Self-Management Support (SMS) Mobile Application for CVD Prevention: Prototype testing
2.	14:57–15:04	Sanachoo P.	Purpose in Life–Based Digital Innovation for Healthy Young Adults: Innovation Prototype
3.	15:04–15:11	Jittima Tantiputtikul	Real-time Workforce Management to Reduce Patient Waiting Time
4.	15:11–15:18	Petcharat Srisurat	AI-Enabled Population Health Intelligence in Regional Hospitals: Real-Time Diabetes, CKD, and Cardiovascular Risk Stratification in an Integrated Clinic
5.	15:18–15:25	Kritsada Saengsurin	Design Thinking-Driven E-Learning: An Innovation for Airway Safety
15:25-15:30 Break			
6.	15:30–15:37	Promchan D.	Development and Evaluation of the BARI-RISK Dashboard Prototype for Early Detection of Weight Regain in Post-Bariatric Surgery Patients
7.	15:37–15:44	lengpor Sou	Development and Evaluation of LINE Chat “SCat” for Stress Reduction Using SKT Meditation Healing Exercise Among Adults and Older Adults with Non-Communicable
8.	15:44–15:51	Suthinee Leelarungruhee	LINE-Based Discharge Planning Guideline for Lower Extremity Fracture Patients
9.	15:51–15:58	Sujinda Daphuy	Development of Brain Care LINE-Based Discharge Program for Mild TBI
10.	15:58–16:05	Patompong Kaewmorakot	Effects of a LINE Application-Based Self-Management Program on Stroke Recurrence

Room 2

Nursing Education

No.	Time	Presenter	Title
1.	14:50–14:57	Di Zhang	An Innovative Trauma-Informed Education for Nursing Students: A Feasibility Study
2.	14:57–15:04	Ruishan Liu	Mapping Palliative Care Competence: Education Latent Profile and Network Analysis
3.	15:04–15:11	Nianqi Cui	Nursing Lecturers’ Experiences and Perceptions in a Male-Only Nursing Class
4.	15:11–15:18	Jiang Yahong	Early Clinical Exposure of Nursing Undergraduates in the Neonatal Intensive Care Unit: A Qualitative Study
5.	15:18–15:25	Ying Zhang	Curriculum Reform Using Roy Adaptation Model for Aging Knowledge
15:25-15:30 Break			
6.	15:30–15:37	Wei Yang	Self-employment intention of nursing students in vocational colleges: Survey research
7.	15:37–15:44	Montira Muanjan	Integrating Ambient Assisted Living in Nursing Education: A Scoping Review
8.	15:44–15:51	Salisa B.	Experiences of English Program Nursing Students in the First Clinical Placement: A Qualitative Descriptive Study
9.	15:51–15:58	Yang QR.	Sensory Processing Sensitivity, Family Health, Empathy Networks: Directed Pathways in Medical Students
10.	15:58–16:05	Prasert Somchai	Development of the C-FACT Tool for LVO Screening

Room 4

Holistic and Continuing Care

No.	Time	Presenter	Title
1.	14:50–14:57	Yan Liu	Analysis of Potential Categories and Influencing Factors of Post-Intensive Care Syndrome Trajectory in Critically Ill Patients
2.	14:57–15:04	Rangsiya N.	A Participatory Competency-Building Model for Caregivers as Community Innovators in Elderly Healthy Food Management
3.	15:04–15:11	Khanitta Bomlai	Advance Care Planning in Patients with Hematologic Malignancies: An Integrated Literature Review
4.	15:11–15:18	Junaidy Suparman Rustam	The effect of Islamic-based spiritual interventions on clinical outcomes among hospitalized patients with chronic illnesses: A systematic review of randomized clinical trials
5.	15:18–15:25	Altaf Hussain	Association Between Health Literacy and Treatment Adherence in Patients Undergoing Hemodialysis: A Systematic Review
15:25-15:30 Break			
6.	15:30–15:37	Khanitta Bomlai	A Prototype of Hemato-Compassionate Communication ACP Guideline
7.	15:37–15:44	Huixiao Wang	Family Engagement in Rehabilitation Settings: An Evolutionary Concept Analysis
8.	15:44–15:51	Sadah Paehohelay	3P SEMI Weaning: A Structured Multidimensional Framework for Promoting Successful Mechanical Ventilator Weaning in a Semi-Intensive Care Unit
9.	15:51–15:58	Fangrong Jia	Nurses’ Challenges in Promoting Adherence to Pulmonary Rehabilitation Among Patients with COPD
10.	15:58–16:05	Jufang Li	The moderating effect of fear of disease progression on the association between illness perception and post-stroke fatigue in stroke patients: a moderated network analysis

Day 2: Concurrent session 3: Oral presentation schedule on May 28, 2026 at 15.30 – 17.00

Room 1 Nursing Theory and Practice Across the Lifespan

No.	Time	Presenter	Title
1.	15:35–15:42	Chayapa Boonlue	Education Interventions in Overweight or Obese Adolescents: An Integrative Review
2.	15:42–15:49	Ilyus Yosep	Dialectical Behavior Therapy in Reducing Self-Harm and Suicide Risk among Adolescents and Young Adults: A Scoping Review
3.	15:49–15:56	Lingzhi Ni	A Study on Rehabilitation Status and Influencing Factors of Visual Impairment Children
4.	15:56–16:03	Chaoqun Dong	Latent Transition Analysis of Social Support in Pediatric Cancer Caregivers
5.	16:03–16:10	Hu J.	Network Analysis of the Interrelationships Among Stigma, Resilience, and Self-Esteem in Lung Cancer Patients
16:10–16:15			<i>Break</i>
6.	16:15–16:22	Mahayu Sarita & Ilyus Yosep	The Role of Motivational Moderators in the Entrapment to Suicidal Ideation Pathway Among Adolescents: A Scoping Review
7.	16:22–16:29	Sumana Lama	Synergistic Recovery Theory for Older Adults' Perioperative TKR Nursing
8.	16:29–16:36	Rohman Hikmat	Suicide Prevention Interventions for Adolescents: A Systematic Review
9.	16:36–16:43	Roxsana Devi Tumanggor	Self-Harm Recovery Among Young People: A Qualitative Systematic Review
10.	16:43–16:50	Deane Joy Agoncillo	The Social Connectedness In Aging Theory

Room 3 Geriatric Care

No.	Time	Presenter	Title
1.	15:35–15:42	Shannon, K.	Formal Support for Family Caregivers of Older Adults in Aotearoa New Zealand: A Scoping Review
2.	15:42–15:49	Xin Mao	Intrinsic Capacity and Its Influencing Factors of Multiethnic Older Adults in a Chinese Border Community: A Cross-Sectional Study
3.	15:49–15:56	Lingyun Ran	Prevalence of Frailty and Associated Factors among the Rural Older Adults of Yi and Hani Ethnic Minorities in Yunnan
4.	15:56–16:03	Pu L.	CAA Enhances Psychological Well-Being in Newly Older Adults Residents of Nursing Home: A Randomized Controlled Trial
5.	16:03–16:10	ZHAO Lu	Sleep Disorders, Intrinsic Capacity, and Ethnic Aging in China's Frontier Regions
16:10–16:15			<i>Break</i>
6.	16:15–16:22	He Roujia	A Cross-Cultural Integrated Home Care Model for Urban Older Adults in China: A Mixed-Methods Longitudinal Study
7.	16:22–16:29	Pislaengam, H.	Nurses' Experiences of Caring for Critically Ill Older Adults with Delirium in the Medical Intensive Care Unit: A Descriptive Phenomenological Study
8.	16:29–16:36	Pirunnapa Benyapad	Frailty in Older Adults with Heart Failure: Factors and Assessment Tools-A Scoping Review
9.	16:36–16:43	Krittiya Chasuwan	Caregivers' Role in Palliative Symptom Management for Older Adults with COPD: A Scoping Review
10.	16:43–16:50	Yanchang Ni	Staying or Leaving: An Interpretive Phenomenological Study of Sustained Volunteerism among Hospice Volunteers in China

Room 2 Aesthetics and Science of Relational Nursing Care

No.	Time	Presenter	Title
1.	15:35–15:42	Nakphukdee S.	Aesthetic Nursing Practice in Hemodialysis During Hat Yai's 2025 Flooding Crisis
2.	15:42–15:49	Xinxin Chen	Symptom Clusters and Social Support in Oxaliplatin-Treated GI Cancer
3.	15:49–15:56	Yano Y.	Learning and Practice of Social Work in Psychiatric Nursing : Preliminary Findings from an Ongoing Qualitative Study
4.	15:56–16:03	Jin Zhichao	Relational Nudges in ACP Completion in ESLD: A Systematic Review
5.	16:03–16:10	Rika Fatmadona	Factors Influencing End-of-Life Cultural Care in Indonesia
16:10–16:15			<i>Break</i>
6.	16:15–16:22	Jie Lin	End-of-life communication challenges in Chinese nursing home: a qualitative descriptive study
7.	16:22–16:29	Wandee K.	Nurses' Strategies for Managing Family Conflict in Advance Care Planning
8.	16:29–16:36	Milya Novera	Aesthetic Nursing Practice in Community Nursing: An Evolutionary Concept Analysis
9.	16:36–16:43	Nakphukdee S.	Aesthetic Nursing Practice in Hemodialysis Units: An Integrative Review

Room 4 Midwifery/Maternal Care and Others

No.	Time	Presenter	Title
1	15:35–15:42	Nadia Lateh	Health Perception and Cultural Care among the Burmese Ethnic Community in Ranong Province: A Qualitative Study
2.	15:42–15:49	Bingyan Ye	Multi-level barriers to scaling internet-based nursing services in primary hospital
3.	15:49–15:56	Nisalwa Japakeeya	Preventing Preterm Labor Among Adolescent Pregnancy: An Integrative Review
4.	15:56–16:03	Tongwan N.	Factors Associated with Postpartum Depression Among Adolescent Mothers: A Systematic Review
5.	16:03–16:10	Surepron Sripoun	Family-centered Interventions for Preventing Gestational Diabetes Mellitus among At-Risk Pregnant Women: A Literature Review
16:10–16:15			<i>Break</i>
6.	16:15–16:22	Mingfei Ran	A Survey on the Current Practice of Gestational Diabetes Management in South of China
7.	16:22–16:29	Kanokporn Naksuwan	Nurse Supported Self-Compassion Programs and Psychological Well-Being in Cancer Patients: An Integrative Review
8.	16:29–16:36	Isneen Benna	Health Perceptions and Cultural Care among the Moklen Ethnic Group, in a Province of Southern Thailand
9.	16:36–16:43	Afaf Yudoloh	Health Perception and Cultural Care Practices of the Mani Ethnic group living in Palian District, Trang Province, Thailand
